Why should you feed **PEDIGREE® PRO**?

PEDIGREE® PRO range of nutritionally balanced food helps ensure your dog can live at their happiest and healthiest best. It is developed with veterinarians and nutritionists at Waltham Petcare Science Institute, a world-leading authority on pet care and nutrition. Formulated with quality ingredients, quality protein and an adapted kibble size, it provides expert nutrition for your dog.

Made for dogs of **different breed sizes** for all life stages

Backed with 50 years of expertise from nutritionists and veterinarians at **Waltham Petcare Science Institute**

Enriched with **33% Extra* Nutrients** (Extra* Protein and Extra* Fat)

Triple Benefit Formula:
Immunity 3 | Growth 3 | Active 3 | Vitality 3

Adaptable Kibble Size

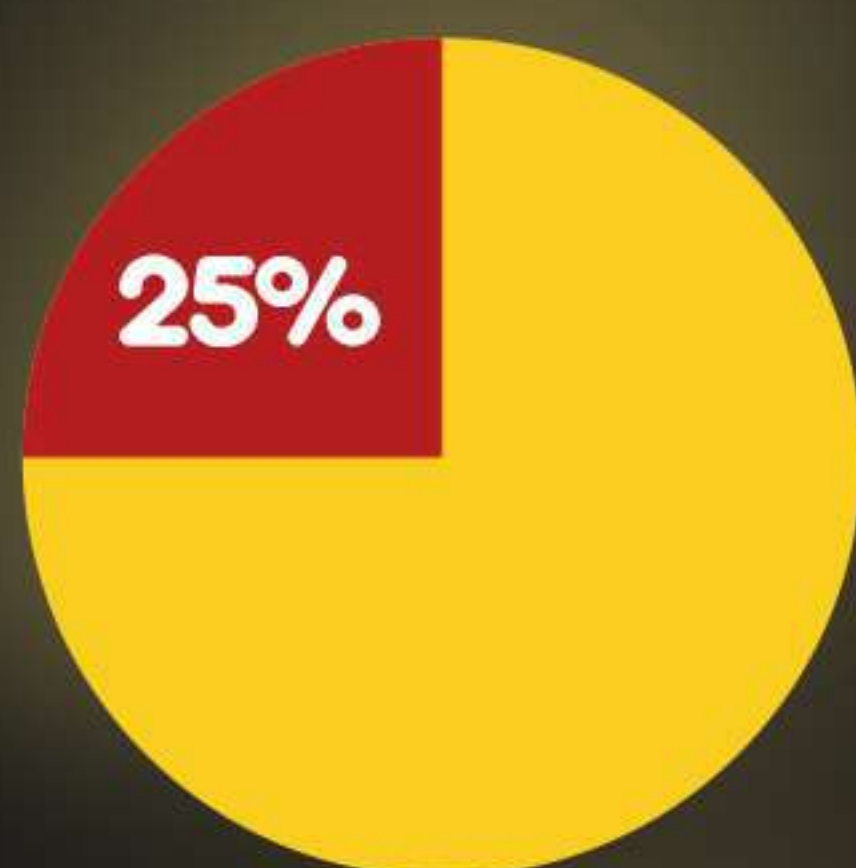

*33% Extra protein and 40% extra fat in Pedigree Pro Puppy Large as compared to Pedigree Puppy Chicken and Milk

Introducing your dogs to

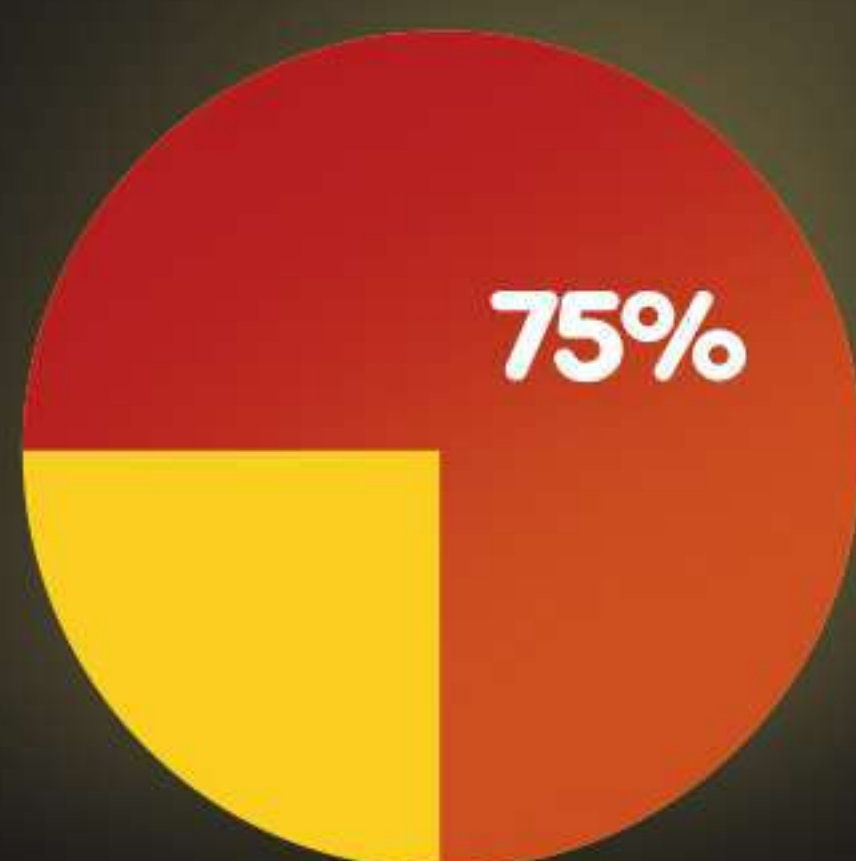

The change from current food to **PEDIGREE® PRO** is best done gradually, over a period of 7 days as explained in the diagram below.

Day 1 & 2

Day 3 & 4

Day 5 & 6

Day 7

Some dogs may take longer to change to **PEDIGREE® PRO** dog food so please be patient. Serve the recommended amount in a crunchy, solid form. Provide a separate bowl of clean drinking water.
